RE: MUR 6676|
Herbert's Refrigeration Company

Dear Mr. Jordan:

I am replying for my mother, Mrs. Mei H. Herbert, concerning a complaint received by the F.E.C. over a \$250 donation she made to "Tarkanian for Congress" on September 12, 2012. The complaint states "Herbert's Refrigeration Company" made an "Impermissible Corporate Contribution." For the record, "Herbert's Refrigeration Company" is not a corporation but a "Sole Proprietorship." Herbert's Refrigeration Company consists of one person, Mrs. Mei H. Herbert.

Mrs. Herbert attended a party at a friend's home on September 12, 2012 and was asked to make a contribution by her friend. She was not aware that this violated any laws. She also did not receive your original letter dated February 28, 2013. She first became aware of the complaint after receiving a second letter from Ms. Emily M. Meyers dated November 1, 2013. After contacting Ms. Meyers, she e-mailed us a copy of the original letter. My mother is 75 years old and is undergoing chemo and radiation treatment at this time. This issue has caused stress in her life at a most inopportune time. We respectfully request a quick resolution so she can put this behind her. Thank you.

Sincerely,

Anthony L. Hinen
